"...because as we know, there are **known knowns**;
there are things that we know that we know.

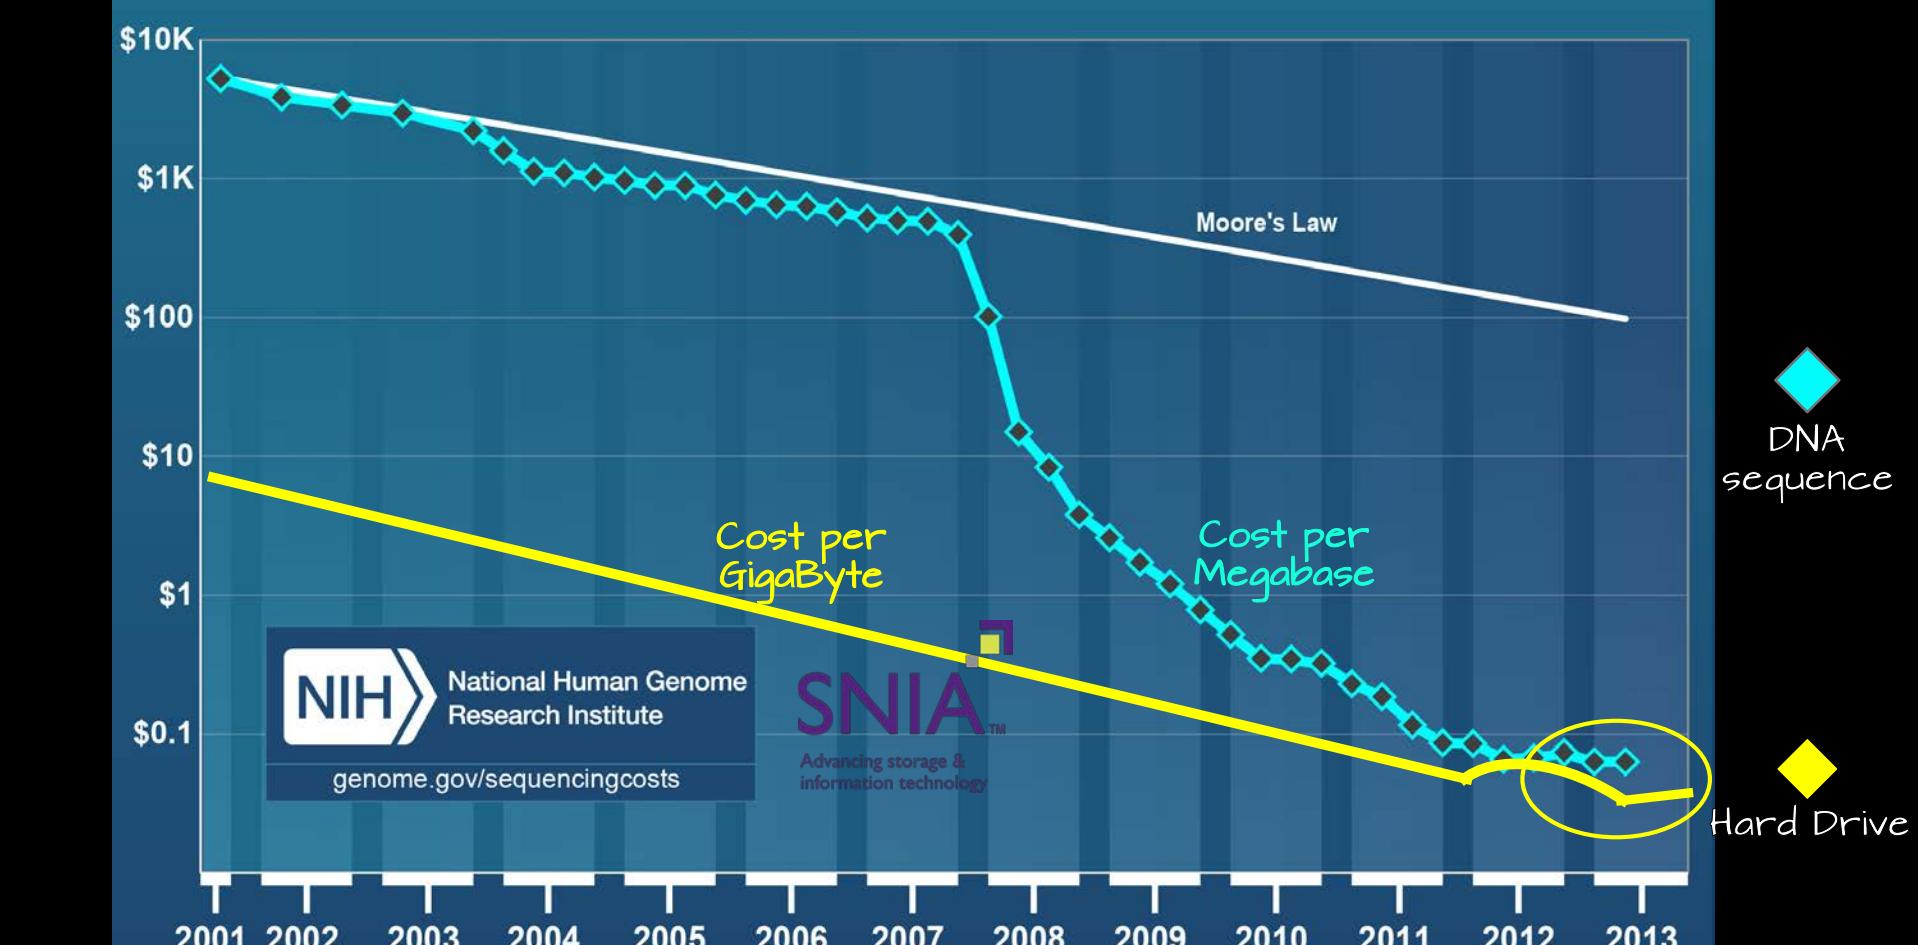

We also know there are **known unknowns**;
that is to say we know there are some things we don't
know.

But there are also **unknown unknowns**,
the ones we don't know we don't know."

Donald Rumsfeld, United States Secretary of Defense
1975-1977, 2001-2007
